HIS LORDSHIP THE CHIEF JUSTICE,
OFFICE OF THE CHIEF JUSTICE OF
THE REPUBLIC OF GHANA, ACCRA

Dear Sir,

PETITION FOR AN INVESTIGATION INTO THE
DAMAGING OF MY SUBMITTED DOCUMENTS, FOR
CASE SUIT NO. FAL 569/13 FREDA DARKO VRS
COMFORT KORKOR KWASHIE AND FOUR (4) OTHERS
(LANDS COURT 12) HIGH COURT ACCRA.

My name is Freda Darko, the Plaintiff in the above-mentioned suit. An ongoing case at the High Court, Lands Court 12 Accra; presided over by His Lordship Justice Amos Wuntah Wuni. J.

Your Lordship, I would like to request for an investigation into the mishandling and damaging of my submitted documents for the above mentioned suit. I have submitted documents including my witness

statement which has been mishandled by the staff of the court, all the way to the photocopying department. The documents in question have been invaded and destroyed with signs of very deliberate intention to cause damage.

Your Lordship, I requested for a certified true copy of my witness statement dated 11th August, 2017 when I realized that my lawyers had deliberately tampered my documents, but the court clerks also deliberately gave me part of my witness statement instead of giving me full. They gave me the part of the statement in order to cover up the tampering made by my lawyers.

So the part they gave me was ripped from the bindings. This is because they had removed several sheets from my originally bonded documents and scattered them. So they gave me what they wanted.

Your Lordship, all these, to me, are clear signs of court clerks and administrators scheming with my lawyers and opponents to make me lose the case.

When my lawyers deliberately tamper my documents, and court clerks and/or officers also damage the ones in the court's possession, it gives clear indication what they are exactly up to. This is why, I suspect, they

always toss and turn me around whenever I go there for my documents.

In addition to this, I submitted my first Witness Statement and later found out that it had been tampered by my lawyer, an act she admitted when I confronted her. I wanted to cross check from the court but surprisingly they told me after I did the search that I had not filed it, when I knew very well that I had filed it earlier. So I did a motion to withdraw that witness statement and replace it, and my opponent responded with their Exhibit M, which included the very Witness Statement I had filed earlier and was searching for.

So my question is, if I did not file it, how did my opponents get that particular document. So they refused to give me the document because they wanted to cover up the tampering, and also reassemble them as if nothing had happened.

Again, Your Lordship, when I requested a copy of my Witness Statement and the Court clerk and myself went to the photocopy Department, the person did so to the extent it seemed as though the document was not bonded. I instructed them to do it exactly as the document is, to show that it is bonded. As they were doing so, they intentionally used the machine to

scratch through the documents, causing damage (Attached is Exhibit 1) and receipt of payment for the photocopy is also hereby attached as Exhibit 2.

Even though the registrar knew very well that the documents he was stamping was not credible per court standards, he gleefully stamped all of it. See Exhibit 3 attached.

The way they have all treated me, please Your Lordship, call for an investigation into this matter. They keep destroying the documents each time I submit. By the time we finished dealing with this case, there will be about six documents of mostly the same thing, only because once a document is submitted they destroy it, so I have to keep resubmitting the original ones.

So please, your lordship, call for the file to be looked into and if there are any questions, they can call me. I'll open up about all the other matters regarding this, and all that is left to disclose. I also have video evidence of how my files have been damaged.

Your Lordship, please, another request is for the case to be dealt with on cameras because truly speaking, they have destroyed many of my evidences; Many are not clear, made faint, at times the stamps do not show

clearly or even show at all. When I write to request for the document to be given to me, they refuse.

Also, I have requested so many times for the files used for the previous case, in order for me to look through thoroughly helping with the whole case, since about four to five years ago. Still they haven't given it to me. I will attach copies of the request letters (Exh 4) I sent them including a photocopy of the Judicial Service receipt (Exh 5) to this letter.

And lastly, Your Lordship, I will also attach copies of some documents for you to see the various roles played by the photocopy officials, court clerks and the registrar. I also have a video to prove how the documents have been mishandled and can tender it upon invitation.

Sincerely,
Freda Darko
