

THE OFFICE OF THE SPEAKER

GRADUATE STUDENTS ASSOCIATION OF GHANA

Our Ref: GRA/SE/PR/002

Date: 18th December 2020

For immediate release

All Media Houses

IGNORE ANY PUBLICATION OF SUSPENSION OF GRASAG NATIONAL OFFICERS

The attention of the leadership of the Senate of the Graduate Students Association of Ghana (GRASAG) has been drawn to a statement circulating on social media and a section of the traditional media to the effect that the President of the Association, **Samuel Sagoe**, and the Financial Controller, **Yusif Sulemana**, have been suspended.

We wish to state that no such decision was taken at the Virtual Senate Meeting that was held on the evening of Thursday 12th December 2020. Indeed, while the senate was ongoing, we saw a modernghana.com publication to that effect, when no such circular had been published..

This took senate members aback and gave the leadership and members the impression that some people are bent on dragging the reputation of the two National Executive Committee (NEC) members, the senate and the name of GRASAG in the mud.

It must be emphasised that, no such decision was taken at senate and thus urge the entire membership of GRASAG and the general public to ignore this malicious, frivolous publication orchestrated by some individuals who do not seek to see to the forward movement of the Association. The leadership wishes to state that the speaker of the Senate is not the author of the said letter neither is she the signatory.

The two national officers having served the Association for about sixteen (16) months have exhibited deep sense of sound judgement, uprightness and accountability to the Association. We urge all members of the Association and the public to continue to work with the current National executives to deliver leadership of service to the entire Graduate Students of Ghana. **END**
