RE - VICTORY CELEBRATION AT AKUSE ON SATURDAY 21ST JULY, 2012

The Akuse District Police Command acknowledge receipt of your letter dated 9th July, 2012 and respectfully write to inform you that, our intelligence reports on the grounds indicates that there will be Security threat and public disorder if the event is allowed to go on at the proposed venue, Akuse.

It may surprise you to note that since the arrest of six men who tried to disrupt the on-going biometric registration exercise at Akuse on 10/07/2012, there has been imminent security threat at Akuse and its environs, a situation which has compelled the Command to embark on constant Police/Military joint patrols within the area to avert any unpleasant situation. The area appears very calm but unpredictable.

In this regard, the Command therefore entreat you to relocate the event in the interest of peace.

Your total co-operation in this issue would be very much appreciated to ensure total peace and tranquility in the area, please.
